PROFESSIONAL SUMMARY

Aspiring in Data Analytics and Data Science with AI, with strong skills in Python, SQL, Advanced Excel, Tableau and Power BI. Having 2 years of professional experience working with high-volume data, Handled large datasets with high accuracy. Developed expertise in data handling, cleaning, validation, and maintaining accurate records, which sparked my passion for analytics and data-driven technologies. I aim to apply my analytical skills to support business growth and decision making.

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL, R
- **Business Intelligence:** Power BI, Tableau, Google Looker, Advanced Excel, Power Query, Power Pivot, DAX
- **Python Libraries:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn, Plotly
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Business Analysis:** BRD, FRD, UAT, Agile Methodology, KPI Development, RCA, SWOT Analysis, 5 Whys Analysis
- **Tools:** Jupyter Notebook, Google Colab, VS Code, Git, GitHub, Anaconda
- **Machine Learning:** Linear Regression, Logistic Regression, Decision Trees, Random Forest, K-Means Clustering

PROFESSIONAL EXPERIENCE

Accenture

Health Admin Services Representative

July 2025 – Present

- Process and validate high-volume healthcare and insurance claims data while maintaining accuracy and compliance standards.
- Utilize Microsoft Excel for data validation, reconciliation, reporting, and operational analysis.
- Review and update medical claim records to ensure timely claim processing and reduced error rates.
- Collaborate with cross-functional teams to improve data quality and streamline administrative workflows.
- Generate reports and performance insights for management decision-making.

Sellergize Web Technology Services Pvt Ltd

Web Administrator

May 2024 – June 2025

- Managed affiliate marketing datasets collected from multiple e-commerce platforms.
- Performed data cleaning, validation, and quality checks to improve reporting accuracy.
- Maintained structured databases and ensured timely updates of business-critical information.

EDUCATION

Bachelor of Management Studies (Finance)

Swayam Siddhi Mitra Sangh College = July 2021 – May 2024

CGPA: 8.90

Higher Secondary Certificate (HSC)

Mumbai University = July 2019 - May 2021

86.10

Secondary School Certificate (SSC)

Maharashtra State Board = May 2019

80.10

PROJECTS

DRIVE NXT – Relational Database and SQL Analytics Project

Tools: SQL, MySQL, ER Modeling

- Designed relational database schema and ER diagrams for ride-booking analytics.
- Developed complex SQL queries using joins, subqueries, aggregate functions, and CTEs.
- Performed booking trend analysis, driver performance analysis, and customer behavior analysis.
- Applied SWOT Analysis and Root Cause Analysis (RCA) to identify operational challenges.
- Generated analytical reports supporting business decision-making.

Learning and Development Analytics Dashboard

Tools: Power BI, DAX, Power Query, Excel **Tools:** Power BI, DAX, Power Query, Excel

- Analyzed employee training effectiveness across 3,000 employees.
- Evaluated ROI of a \$220M training investment using Power BI dashboards.
- Created DAX measures for ROI, Completion Rate, Engagement Score, and Performance Improvement.
- Applied RCA and 5 Whys Analysis to investigate a 15% training incompleteness rate.
- Developed executive dashboards featuring KPI cards, Pareto Analysis, ROI Tracking, and Department Performance metrics.

CERTIFICATIONS

- SQL (Intermediate) Certification – HackerRank
- Power BI Certification
- Tableau Certification
- Python for Data Science Certification

ACHIEVEMENTS

- Developed interactive business dashboards using Power BI and Tableau.
- Applied Agile methodologies, RCA, and KPI tracking in analytics projects.
- Strong academic performance with CGPA of 8.90 in Bachelor of Management Studies.
